

# Example Manual iPhone 6

page 185

## Medical conditions

If you have any medical condition that you believe could be affected by iPhone (for example, seizures, blackouts, eyestrain, or headaches), consult with your physician prior to using iPhone.

## Repetitive motion

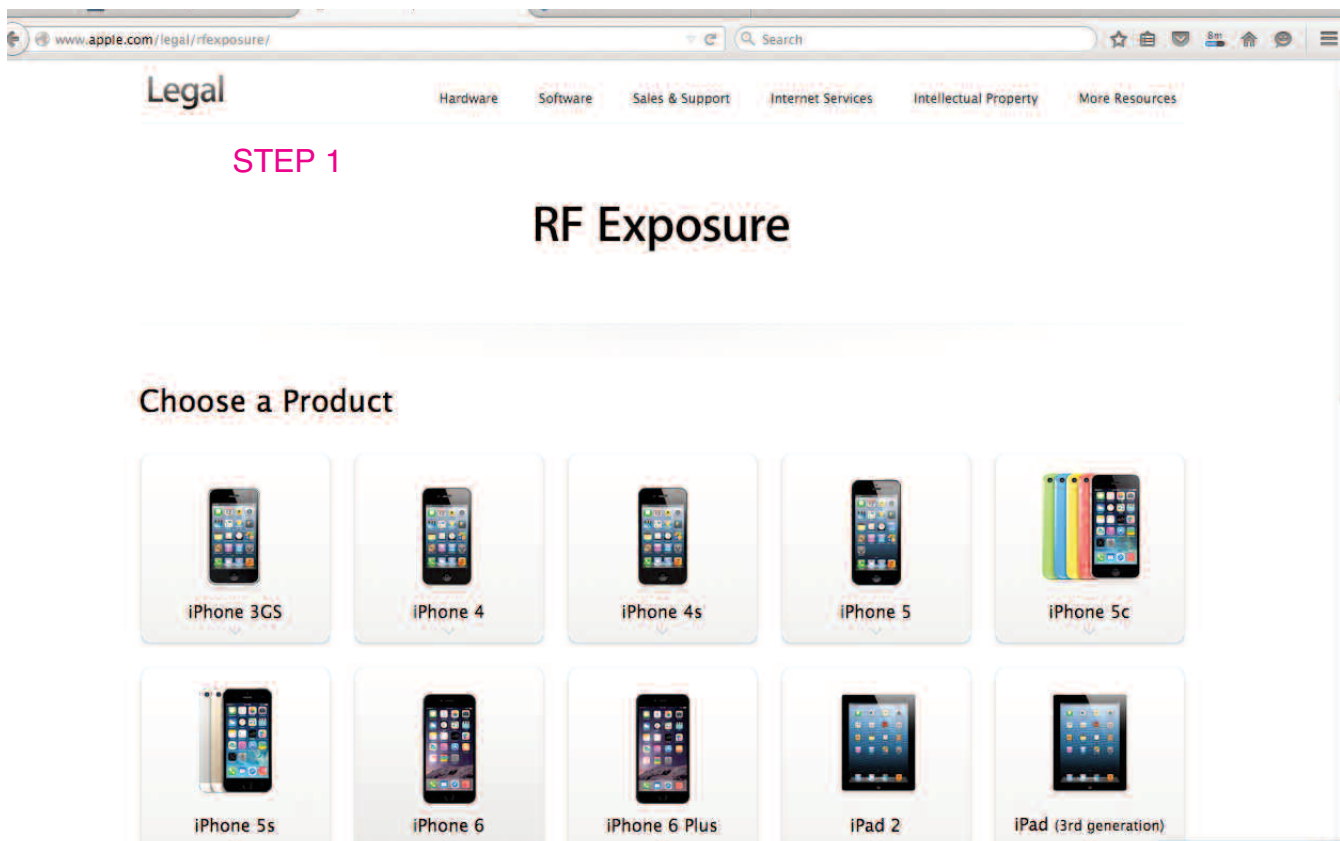

When you perform repetitive activities such as typing or playing games on iPhone, you may experience discomfort in your hands, arms, wrists, shoulders, neck, or other parts of your body. If you experience discomfort, stop using iPhone and consult a physician.

## Radio frequency exposure

iPhone uses radio signals to connect to wireless networks. For information about radio frequency (RF) energy resulting from radio signals and steps you can take to minimize exposure, go to Settings > General > About > Legal > RF Exposure or visit <http://www.apple.com/legal/rfexposure/>

which leads you to STEP 1 STEP 2 STEP 3

The screenshot shows a web browser window displaying the Apple website's RF Exposure page. The browser's address bar shows the URL [www.apple.com/legal/rfexposure/](http://www.apple.com/legal/rfexposure/). The page features a navigation menu with links for Hardware, Software, Sales & Support, Internet Services, Intellectual Property, and More Resources. The main heading is "Legal" in a large, bold font. Below this, the text "STEP 1" is displayed in a pink color. The main heading "RF Exposure" is centered on the page. Underneath, there is a section titled "Choose a Product" which contains a grid of ten product options, each with a small image of the device and its name below it: iPhone 3GS, iPhone 4, iPhone 4s, iPhone 5, iPhone 5c, iPhone 5s, iPhone 6, iPhone 6 Plus, iPad 2, and iPad (3rd generation).
